About

Easy Street Financial Services

Easy Street Financial Services is an independent financial advice firm that specialises in property finance and financial protection.

We create tailor made solutions for our clients and provide a professional administration service. This is designed to deliver results and make the process as easy as possible.

Based in Guildford in Surrey, we provide impartial, unbiased and objective financial

advice both locally and nationally. As we are independent, we work entirely on behalf of our clients.

We use products from the whole of the market to meet a vast range of needs.

Whether you are looking to buy or refinance property, improve your home, restructure existing debt or protect yourself financially, we have the expertise to provide the solution.

Impartial advice of the highest quality

At Easy Street Financial Services, we have a traditional approach to service and combine this with state of the art technology. This enables us to meet our client's needs and achieve their objectives in the most cost effective way.

This is important because there are literally thousands of different options

available and our clients want to be certain that any mortgage, loan or insurance recommendations that we present for consideration are the most appropriate to their individual needs.

In other words, recommendations that are totally in our client's interests – not someone else's.

Our approach

Our initial meeting is usually without charge after which we provide in writing a full explanation of costs. We do nothing until we have a thorough understanding of our client's requirements.

With that knowledge, we can identify the products that will enable our clients to achieve their goals delivered by an entirely personal service.

We then prepare and analyse recommendations, assessing benefits against cost.

Our final proposals are well-researched and constructed on the basis of what's best for our clients and nobody else.

We will work alongside other professionals such as solicitors, accountants and estate agents and liaise directly with product providers in order to deliver results for our clients.

We firmly believe in building long term relationships and are committed to making sure that our client's immediate and future needs are met while maintaining their financial security.

Easy Street focus on tailor made solutions, a personal service and delivering results to our clients.
